About me

I am a results-oriented professional with a clear focus on achieving organizational goals through collaborative and efficient teamwork. I apply my knowledge and skills to contribute to the company's growth, while also driving my personal and professional development consistently.

WORK EXPERIENCE

Product Manager (PM)

Winby - Barranquilla, colombia / 2020 - 2022

Led software development projects from planning to final delivery, coordinating multidisciplinary teams including developers, designers, QA, and ensuring client satisfaction.

Key responsibilities:

- Planning and tracking tasks using agile methodologies (Scrum/Kanban).
- Managing schedules, resources, and project budgets.
- Documenting and reporting project progress.

Associate account management

Sutherland - Barranquilla, colombia / 2023 - 2025

Provided bilingual customer support in English and Spanish, resolving inquiries related to international money transfers. Developed strong skills in attention to detail, effective communication, and the use of digital tools.

Full stack developer

Wow desarrollos - Barranquilla, colombia - current/remote

Design and development of web applications using React, Node.js, Express, and PostgreSQL, implementing authentication with JWT and protected CRUD operations. Experienced in creating modern user interfaces with Tailwind CSS, consuming APIs, and deploying applications. Collaborated using agile methodologies and version control with Git/GitHub.
